SUMMARY

Currently learning **Spring framework**, **Servlets**, **JSP**, and **MongoDB** to enhance my full-stack development capabilities.

SKILLS

- ❖ **Java, C, Python**
- ❖ **HTML, CSS, JAVASCRIPT, PHP, LARAVEL**
- ❖ **SQL, MySQL**
- ❖ **Git, Github**

EDUCATION

- ❖ **BCA | Techno India Hooghly Campus, West Bengal** **CGPA: 9.01** | (Aug '21 - Aug '24)
- ❖ **XII (WBCHSE) | Naihati Mahendra High School** **81.6%** | 2021
- ❖ **X (WBBSE) | Naihati Mahendra High School** **87.14%** | 2019

PROJECTS

- ❖ **MedCare - An Emergency Medical Support System**
 - Developed a user interface for booking hospital beds, where users can see hospital details like distance, bed availability, charges, etc.
 - Implemented an automated system that cancels bookings if the patient failed to admit within the scheduled time.
 - Created an admin interface for hospital admins to update bed availability and manage patient admissions via Patient ID.
 - Added Google Maps integration for route guidance after successful booking.
 - Technology used : HTML, CSS, Javascript, php, Laravel, MySQL, Git, Github.
- ❖ **Portfolio - An introductory Webpage**
 - Developed a personal portfolio to showcase my projects, skills, and achievements. The site is fully responsive and includes interactive elements to enhance user experience.
 - Project videos are available in the project section.
 - Technology used : HTML, CSS, Bootstrap, JAVASCRIPT.
